Fund Overview

- Large Cap Core
- A portfolio of dividend-growing stocks
- A disciplined investment process built around Tandem's fundamental security analysis and proprietary multi-factor model
- The investment team attempts to position the Fund for capital appreciation with less volatility over a complete market cycle²

Principal Investment Strategy

The Castle Tandem Fund seeks to achieve long-term capital appreciation by investing in a focused portfolio of securities. Under normal market conditions, the Fund invests primarily in common stocks of large-capitalization companies.

Investment Philosophy

Tandem Investment Advisors has managed their Large Cap Core strategy in separately managed accounts ("SMA") since 1991. In 2019, The Castle Tandem Fund was launched for investors interested in a mutual fund equivalent of Tandem's Large Cap Core strategy.

Tandem believes that companies capable of growing earnings regardless of economic circumstances are more likely to reward patient shareholders. To perform well over a complete market cycle², companies should demonstrate:

- Consistent growth in earnings, revenues and cash flow through any economic environment
- Consistent dividend growth as a result of earnings, revenue, and cash flow growth
- Uniqueness, dominance, or competitive advantage
- Consistency in and depth of management

Growth of \$10,000

March 15, 2019 to March 31, 2022

¹ The expense ratio for the Institutional Share Class is 1.20%. Effective November 1, 2021 the Adviser has contractually agreed to waive Services Agreement fees by 0.40% of its average daily net assets through October 31, 2022. The Services Agreement fee waiver will automatically terminate on October 31, 2022 unless it is renewed by the Adviser. The Adviser may not terminate the fee waiver before October 31, 2022. The waiver may be terminated by the Board of Trustees. ² We define a complete market cycle as a period of time, usually measured in years, that includes both 'bearish' markets (the market trends down) and 'bullish' markets (the market trends up). ³ Percent of Fund's total net assets. ⁴ Represents cash equivalents and other assets less liabilities.

The Fund's investment objectives, risks, charges and expenses must be considered carefully before investing. The prospectus contains this and other important information about the Fund, and it may be obtained by calling 1-877-743-7820, or visiting www.castleim.com. Read it carefully before investing. Distributed by Arbor Court Capital, LLC – Member FINRA / SIPC.

The risks associated with the Fund are detailed in the Fund's Prospectus. Investments in the Fund are subject to common stock risk, sector risk, and investment management risk. The Fund's focus on large-capitalization companies subjects the Fund to the risks that larger companies may not be able to attain the high growth rates of smaller companies. Because the Fund may invest in companies of any size, its share price could be more volatile than a fund that invests only in large-capitalization companies. Fund holdings and asset allocations are subject to change and are not recommendations to buy or sell any security.
